

Snail's Trail Name Tag

Paper Foundation Pattern

SLO Quilters

Basic Sewing Instructions

1. Cut four 1.5" squares: 2 light (1L, 2L), 2 dark (1D, 2D).
2. Sew 1D to 1L and 2L to 2D.
3. Place #1 set on **unprinted** side of foundation with **wrong** side of fabric on the paper (fabric is right side up). Position the fabric so that it covers the area marked #1 and extends at least 1/4 inch beyond the solid line.
4. Place #2 set on top of #1, right sides facing.
5. Turn foundation over and sew on the solid line between #1 and #2. Back stitching is not needed, begin and end sewing beyond the ends of the stitching line.
6. Trim seam allowance to a scant 1/4 inch or less.
7. Open the pieces and press in place.

Tip: Always check to be sure that the fabric extends beyond all seam allowances before sewing the next.
